UNDERWEAR • SWIMWEAR

BNK is **established in 1972** and since then built up a good reputation as one of the major ready to wear manufacturer and exporter company of Turkey. Our production is in our plants which are located in **Balikesir Gonen** and **Istanbul**.

We are specialised in underwear, swimwear, nightwear, loungewear for women, men and kids including infants and toddlers.

Our main focus in BNK is to make our customers and partners happy in terms of **production quality, price structure, quick response** and an **impeccable service**. For this reason BNK has succeeded to be a trustable partner for world's leading brands. Our aim is to build a continuous and long term business relationship with all of our business partners.

We support our customers with our well established **research&development facilities**. Latest fabric development samples and newest designs are always available to our customers. We follow the trends and create our own collections.

OUR STRENGTHS

- 45 years of experience in business
- Strong design and Research & Development team
- Large production capacity
- Faster lead-times

Along with *large production quantities*,
our factories are also optimized for
small scaled orders.

We are conducting the production of all of our customers with a **monthly capacity of 375.000 pieces**. We are partnering with big European brands as well as medium-sized brands. We support uprising and niche brands by providing production services for **700 pieces per order** within mid-price range.

We are constantly creating *new collections*
for our customers.

Our experienced design team develops **150 styles each month**, mainly on **lingerie and swimwear**. Our customers are always welcome to choose from these unique styles for their own collections.

BNK

Detailed *quality control* processes from the beginning of production to the end of shipment.

We monitor and check all steps from the beginning of production to the end of shipment. Detailed quality control processes are implemented at BNK in order to maintain the quality at highest level. Production facilities of BNK are audited and certified by international organizations with regard to **Social Adaptation and Conformity, Codes of Conduct, Health and Safety, and Code of Ethics**. Waste management policies are implemented to minimize environmental impact.
